MIRO 33sqm: The MIRO 133 Tiny Home takes everything people love about the Totara 133 and elevates it to the next level. Showcased here with a striking combination of corrugate and modified pine cladding. This premium design features a stunning bifold opening window, perfect for adding an elevated table with barstools so you can relax and soak up the view. The kitchen is impressively spacious, cleverly designed to deliver maximum functionality without sacrificing living space. Visitors are consistently surprised at just how open and roomy this 33sqm home feels. **Note:** The photo above is an artist's impression. Please refer to the *specifications* sheet for details of our standard inclusions.
