TOTARA 33sqm: One of our most popular one-bedroom Tiny Homes! The Totara 133 combines smart design with style while keeping things compact, affordable, and efficient. The clever layout features a streamlined kitchen that frees up more room for living, while still providing everything you need for daily life. Pictured here with sleek corrugate cladding and a modern Innova fibre cement feature wall, the Totara 133 makes a bold statement in a small footprint. Whether it's a first home, guest house, or rental, this is a flexible solution that proves good things really do come in small packages.. **Note:** The photo above is an artist's impression. Please refer to the specifications sheet for details of our standard inclusions..
